### Fees and Expenses as stated in the Prospectus

The table below describes the fees and expenses that you may pay if you buy and hold shares of the Domestic Equity Fund.

Shareholder Fees (fees paid directly from your investment)

Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of net asset value) .....	None

Other Expenses .....	0.08% <sup>7</sup>
Acquired Fund Fees and Expenses .....	0.03% <sup>5</sup>

<sup>5</sup> Acquired fund fees and expenses are expenses incurred indirectly by the Fund through its ownership of shares in other investment companies (including exchange traded funds). The percentage stated above represents the Acquired Fund Fees and Expenses as of the most recently completed fiscal year and is subject to change.

<sup>6</sup> The Total Annual Fund Operating Expenses do not correlate to the “Ratios of Average Net Assets of Expenses, Prior to Expenses Waived/ Reimbursed/Recouped” provided in the Financial Highlights section of the Prospectus, which reflects the operating expenses of the Fund and does not include acquired fund fees and expenses

<sup>7</sup> Other expenses include amounts recouped by the Adviser, as permitted by the terms and conditions of its expense limitation agreement with the Fund, based on daily fee calculations. Through January 28, 2020, the Adviser agreed to waive its fee in the amount of 0.05% of the average daily net assets of the Fund and to pay or otherwise bear certain operating expenses of the Fund to the extent necessary to limit the total annualized expenses of the Fund to 0.38% of average daily net assets for the Institutional Class of the Fund. Pursuant to the terms of its agreement with the Fund, the Adviser has the ability to recover previously waived fees and expenses reimbursed subject to certain terms and conditions. While the amounts above reflect the fees recovered in its prior fiscal year, the Adviser has agreed it will not seek recovery of previously waived fees or reimburses expenses to the extent it would cause the daily expense ratio to .038% of daily net assets for the Institutional Class of the Fund. The above percentage reflects a recoupment fee of 1 bps. No future recoupment fees will be recovered as the permissible time period has expired.
